Exciting texts!

	Sticky knowledge
	Pinxton has lots of features . It has the mining wheel, The Wharf, the library, the butchers, and the co-op.
	Pinxton has a mining heritage . John King was a famous person because he invented the mining hook .
	Everything we do has an impact on the environment . We can all take steps to make a difference.
	Nottingham and Derby are the closest cities to Pinxton. They are much bigger than Pinxton and have a huge church called a cathedral . The buildings are much closer together and they don't have fields like Pinxton.
	We live in England , this is part of the United Kingdom . The United Kingdom is found on the top half of the map and is surrounded by water.
	Maps give us information and can be used to locate things.
	A habitat is where something lives. Woodland is a type of habitat that offers damp conditions, protection, and food for woodland animals.

Enhancer Sticky Knowledge

- A pencil is held between two fingers, a **tripod grip** supports correct letter formation.
- An **observational** drawing is a realistic drawing of something you can. A good way to do an observational drawing is to look and then draw.
- **Patterns** can be made using lines, shapes or colours. You will find lots of different patterns in our **environment**, such as on wallpapers or clothes.
