

Year 1

Spring Term 2023

Welcome back!

We hope you have had a lovely Christmas break. This term we are going to have a great hook day where we will dress up as explorers to look for clues on who we will be learning about this term! We are also looking forward to our visit from a nurse, to learn about what nursing was like in the covid-19 pandemic. Now we know all about Pinxton and Nottingham, we are ready to begin learning about the past! Remember, if you have any concerns, please don't hesitate to come and talk to us.

Miss Wagstaff, Miss Bullock and Miss Muneer.

Reading Diaries and Books

Your child will regularly read their book in class and we will look at their diaries daily. We have a 3 book approach with decodables: one book they are fluent with, one decodable to practise throughout the week and one library book to read for pleasure.

PLEASE make sure your child brings their book and diary to school every day as every spare moment we have in school we will try and read with your child. Please try and read with your child every day as becoming a reader is the most important part of your child's education.

Reading is the gateway to the curriculum.

We have reading breakfasts every term and hope to see you in school!

PE Kits

PE days:

All PE days are on Monday and Wednesday.

Your child's Team Pinxton PE kit should be worn to school on the above PE days. These are available to buy through parent pay.

On PE days, please make sure earrings are removed and hair is tied up.

Important Dates

Event	Dates
Return to school	8 th January
Hook day- dress up as an explorer	9 th January
Infant reading breakfast	11 th January
Safer Internet Day	6 th February
Valentine's disco	13 th February
Break up for February Half term	16 th February
INSET Day	26 th February
World Book Day	7 th March
Parents Evening	19 th / 20 th March
Inset Day	28 th April
Break up for Easter	29 th April

Homework

The children will have access to phonics videos on class dojo, modelling the week's sounds, so that the children can practise these at home. Alongside their daily reading practise, children will also have a daily counting activity to do.

White Rose Maths videos are also shared on a Friday for the following week's learning so your child can watch them daily before the lesson. They can also use these videos after the lesson to concrete their learning of a particular objective.

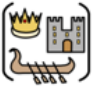

There will also be the weekly Early Language challenges posted on the schools social media sites.

Can one person really change the world?

In Spring, our enquiry question is, 'Can one person really change the world?'. This is a history-based enquiry because now we have learnt about where we all belong and the United Kingdom, we can now recognise the people who have made a difference to the world that we live in. Throughout the term we will be learning about people who are significant and the reasons why they are significant. On the next page is a knowledge organiser showing the 'sticky knowledge' that we want the children to acquire throughout this enquiry. To support us with our learning we have our Hook Day and have invited a nurse into school!

Year One – History: Can one person really change the world?

Sticky knowledge		
2016 → 2024 ↓	A - The past has happened previously ; the present is happening now.	H – Dr Sarah Gilbert was part of developing the Covid-19 vaccine . She trained at Oxford University and created the Astra-Zeneca vaccine .
A clock face.	B – Chronology shows time order that events happen in.	I – Chris Wheatley received an OBE for his services to education. He is the CEO of the Flying High Partnership. This means he is the leader.
NHS logo and a portrait of Aneurin Bevan.	C – The NHS was set up by an Aneurin Bevan in 1918. It gave free medical care to people in the UK for the first time. There have been changes in technology and medicine ever since.	J – Rob Janoff designed the Apple logo which is now recognised worldwide . Over the years he created many different Apple logos starting from the first one in 1976 right up to the present.
A group of medical professionals.	D – There are now lots of different jobs in medicine that didn't exist 100 years ago. These include paramedics, radiograph's, midwives and mental health practitioners.	A collection of various artefacts.
NHS logo and a group of people.	E – Because of the NHS, we are living longer and infectious diseases have reduced.	N- Steve Jobs formed the Apple company and was one of the founders of Pixar. He has changed the way that we communicate and learn. His artefacts show how technology has changed over time.
A portrait of Florence Nightingale.	F – Florence Nightingale was born in 1820 Italy. She worked as a nurse in the Crimean war and improving nursing and hospitals everywhere.	
A portrait of Michelle Obama.	G - Michelle Obama was the first African American first lady who made lots of positive change. She launched 'Let's move' during covid to end child obesity, let girls learn, advocated poverty awareness and launched the 'Let girls learn' initiative.	

Exciting texts!

Subject Specific Vocabulary	
chronology	The order of dates or events.
significant	Very important.
Crimean war	A war that happened in the 1850's.
pandemic	When an infectious disease affects the whole world.

Enhancer Sticky Knowledge

- Texture is all around us and some is manmade and some is natural.
- A line is a dot that you can take for a walk. They can be continuous or broken. They can be straight, curved, horizontal, vertical or diagonal.
- Shapes can be geometric or organic.
- A sharp pencil can create a thin line but a blunt pencil or a pencil at an angle can create thicker lines.
- A pattern uses a repeated design or motif created using line, shape, colour, or tone.

Deepening Knowledge Task

Your home learning challenge to deepen your understanding:

<p>Reading Reading is the gateway to the curriculum, and it is really important your children practice and apply the sounds they learn in school.</p> <p>Comprehension texts will be sent home each week for your child to complete.</p> <p>Take a look at our virtual library- December Book Club (primarysite-product-sorted.s3.amazonaws.com)</p>	<p>Writing This term, we will be retelling the narrative 'The Invisible' and sending it to the author Tom Percival. See what you can find out about Tom Percival and watch the story here! The Invisible by Tom Percival / Children's Story Time Read Aloud - YouTube We will also be creating an acrostic poem to send home to our families about our dreams! Have a look around and see what poems you can find! We are going to be having a special visit from a nurse who will tell us all about the covid-19 pandemic. We will write a recount about our nurse visit showing all we have learnt! Finally we will be writing a letter and addressing it to one of our significant people that we are going to be learning about telling them all about why we think they have changed the world! Have a think about the people you know that have changed the world!</p>	<p>Maths We follow the White Rose scheme in Maths. Follow the link below and you can follow lesson by lesson what your child is learning in school.</p> <p>Maths resources for teachers White Rose Maths (whiteroseeducation.com)</p> <p>This is a great resource to support your child and for you to see how we teach maths.</p>
<p>Science In science, we will be naming and learning about different materials and their properties, while looking at what each material is used for. We will also be learning about the different groups of animals: fish, amphibians, birds, mammals and reptiles and whether these are vertebrates or invertebrates. Share these links with your child to learn more. Everyday materials - KS1 Science - BBC Bitesize Animals including humans - KS1 Science - BBC Bitesize</p>		
<p>RE We follow the Derbyshire Syllabus. This term, we will be learning about the Christian faith.</p> <p>Watch this video to learn about Christianity- What is Christianity? - BBC Bitesize</p>	<p>PSHE We teach PSHE through the PSHE Association. This term we will be learning about hygiene routines, sun safety and feelings.</p>	
<p>Computing We teach Computing through Purple Mash. This term we will be learning about how to create an animated story. Below are some useful websites to support you. https://www.internetmatters.org/?gclid=EAlalQobChMly7qxmqzP8glVzeF3Ch23sABvEAAYASAAEgKL1_D_BwE</p>	<p>PE In PE, we will be improving our fitness as this is so important to keep us physically and mentally healthy. Try PE with Joe Wicks to improve your fitness!</p>
