

Tuesday 7 November 2023

Dear Parent and Carers,

We are excited to inform you about our World Science Day at Pinxton Village Academies, which will take place on Friday, November 10th. This day promises to be an exciting experience for our children.

On Science Day, we would like to encourage our children to dress up as scientists to add an extra layer of fun to the learning experience. Throughout the day, our young scientists will have the opportunity to engage in awe-inspiring experiments that will spark their curiosity and imagination. These hands-on activities are designed to promote a love for science and inspire a sense of wonder about the world around us.

We believe that events like this provide a unique platform for our students to explore the fascinating world of science in a creative and interactive way. By taking part in these experiments, they will not only enhance their scientific knowledge but also develop critical thinking skills and a passion for learning.

Thank you for your continued support. If you have any questions or need further information, please feel free to reach out to us.

Yours sincerely,

Mrs Brough and Mrs Cotterill
