

As part of anti-bullying week we created a class – Make a Noise About Bullying Poem

Make a Noise About Bullying

Be kind and helpful

Tell a trusted adult

Don't take it out on yourself

Use your voice don't be quiet

Don't judge a book by its cover

Be loud about someone bullying

Tell someone about the awful dread what the person has said

Speak up, don't quieten down, bullying has to end so let out a sound

You must tell your parents

If you do get bullied – don't bully back

Walk away

Just ignore

Be kind and comfort them

Never bully, it's mean to bully

It's the people that are bullies that need help

Even if you're mad, don't look at them

Just walk away

Don't say it if you know it's bad, only say it if you know it's fab

Be kind and respectful

Don't bully people because you don't know what's happened in their life

People don't like it

Don't be a bully if you've been bullied

Don't bully – you'll feel guilty in the end

Don't give in to the teasers – tell someone

Comfort and help the victim

Don't soak the words into your mind – let it out

It's not worth being a bully – so don't do it

Bullying is bad and it makes people sad

Bullying is not a trend, stop it now so it can end
